

## TO REORGANIZE THE LEAD TRUST.

A PLAN TO CONVERT IT INTO A CORPORATION AND TO REDUCE ITS CAPITAL.

The officers of the National Lead Trust issued a call yesterday for a meeting of stockholders on August 1 to vote on a proposed plan of reorganization, whereupon the trust shall be converted into an incorporated company, and the capital shall be reduced from the present figure, which is about \$90,000,000, to \$80,000,000.

The plan provides that \$15,000,000 of the stock shall be cumulative 7 per cent preference stock, and the remaining \$15,000,000 common stock; that the corporation shall be authorized to issue \$3,000,000 6 per cent debenture bonds, of which \$371,364 shall be used for the redemption of mortgages on different parts of the real estate owned by the company, \$149,487 for the reduction of taxes for money paid for property acquired since the organization of the trust, and the balance to be held in the treasury; that the shares of stock of the corporation shall be transferred to the shareholders of the National Lead Trust in the proportion of one share of the 7 per cent preference stock and one share of the common stock of the new corporation for six shares of the present stock.

This plan has been broached many times, and is said to have been practically agreed upon six months ago. The trust has control of nearly all the leading crushing plants in this country. It also has large interests in iron and steel mills and in the crushing and smelting of gold and silver ores. According to the prevailing views, the value of the property in the stock market now would be about \$15,000,000.

## BAD CONDITION OF THE PUBLIC BATHS.

According to the report handed in to the Board of Health yesterday by Sanitary Inspector Doty, the public baths of this city are in an unwholesome and offensive condition. The report says that the condition of the baths generally is due to their being situated near sewers. The baths should not be opened at times when the tide causes them to be traps for all kinds of filth. The Health Department will be asked in efforts to reform this nuisance by the Department of Public Works.
